The Virtual Frontier of *Global Leadership*

DATES

October 31 – November 1, 2026

VENUE

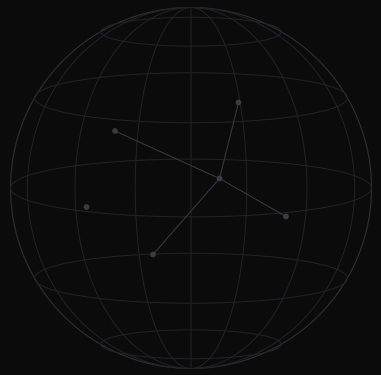

Online

100% VIRTUAL

PRESENTED BY

apex CONCLAVE

Bridging classroom theory and *real-world execution.*

A youth events ecosystem for India's next generation of leaders, thinkers and changemakers, and a direct line to your Gen-Z audience.

What is Apex Conclave?

Apex Conclave is a premier youth events ecosystem engineered to bridge the gap between classroom theory and real-world execution. We build high-velocity, intellectually rigorous platforms for the next generation of leaders, thinkers, and changemakers across India.

Rather than hosting passive student festivals, we specialize in cloud-based simulation environments, youth parliaments, and policy-driven summits. We give ambitious students an elite arena to polish their strategic thinking while offering corporate partners direct, interactive engagement with their core Gen-Z demographic.

What is Diplovia?

Diplovia is the flagship virtual Model United Nations (MUN) conference curated by Apex Conclave. Stripping away the geographic barriers, travel overheads, and logistical constraints of traditional physical conferences, Diplovia brings international diplomacy into a hyper-efficient digital landscape.

Over two action-packed days, delegates step into the shoes of global diplomats, ministers, and health officials. They are thrown into high-stakes, fast-moving geopolitical crises where they must negotiate, draft resolutions, and defend complex policies.

Diplovia isn't just a debate platform. It is a digital incubator for elite problem-solving, negotiation, and high-pressure decision-making.

The Minds Behind *the Conclave*

The team building India's premier virtual platform for youth diplomacy, and your direct line to it.

FOUNDER & CEO

Ayush Vishnoi

"Apex Conclave was built to empower young minds. With Diplovia, we are taking youth diplomacy entirely digital, removing geographic barriers to let India's brightest minds debate without limits."

CO-FOUNDER

Kapish Garg

"We don't believe in passive student fests. Our mission is to engineer high-velocity platforms that challenge students intellectually while offering our corporate partners highly interactive, trackable engagement with their core Gen-Z market."

CHIEF OPERATING OFFICER

Vansh Jain

"Operational precision is our benchmark. By leveraging a 100% cloud-based infrastructure, Diplovia guarantees seamless execution, unmatched screen-time retention, and premium value delivery for our delegates and sponsors alike."

Why sponsor an *online conference?*

Traditional physical fests offer banners that delegates walk past. Diplovia offers **captive digital screen real estate.** Our audience doesn't look away from their monitors for 6 to 8 hours a day, providing your brand with uninterrupted, high-conversion visibility.

THE METRICS THAT MATTER

350+

ACTIVE DELEGATES

A curated pool of hyper-analytical student leaders from India's premier high schools and universities.

12+

HOURS OF SCREEN DOMINANCE

Continuous brand exposure embedded directly into live video panels, virtual backdrops, and digital materials. Across both days of the event.

100%

DIGITAL ONBOARDING

Direct marketing access to verified student databases via orientation kits and email funnels.

15–23

GEN-Z HUB

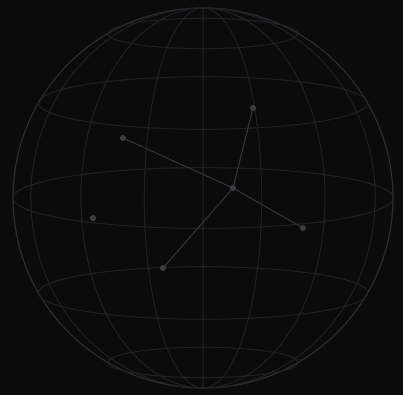

Deep market penetration into the highly competitive 15–23 demographic across India's top institutional tier hubs.
